

# Music in the Galleries

During the month of February, the Museum galleries will be enriched by a series of musical performances provided in partnership with UCSB and Westmont College. Covering a range of cultures, time periods, styles, and instruments, these pieces will be performed by members of the UCSB and Westmont Music Department faculty and students, to offer music and art together as an opportunity for solace, beauty, and comfort in our community. Free!

|                       |              |                                |
